**MONTSERRAT FONT FOR CONTENT WRITING**

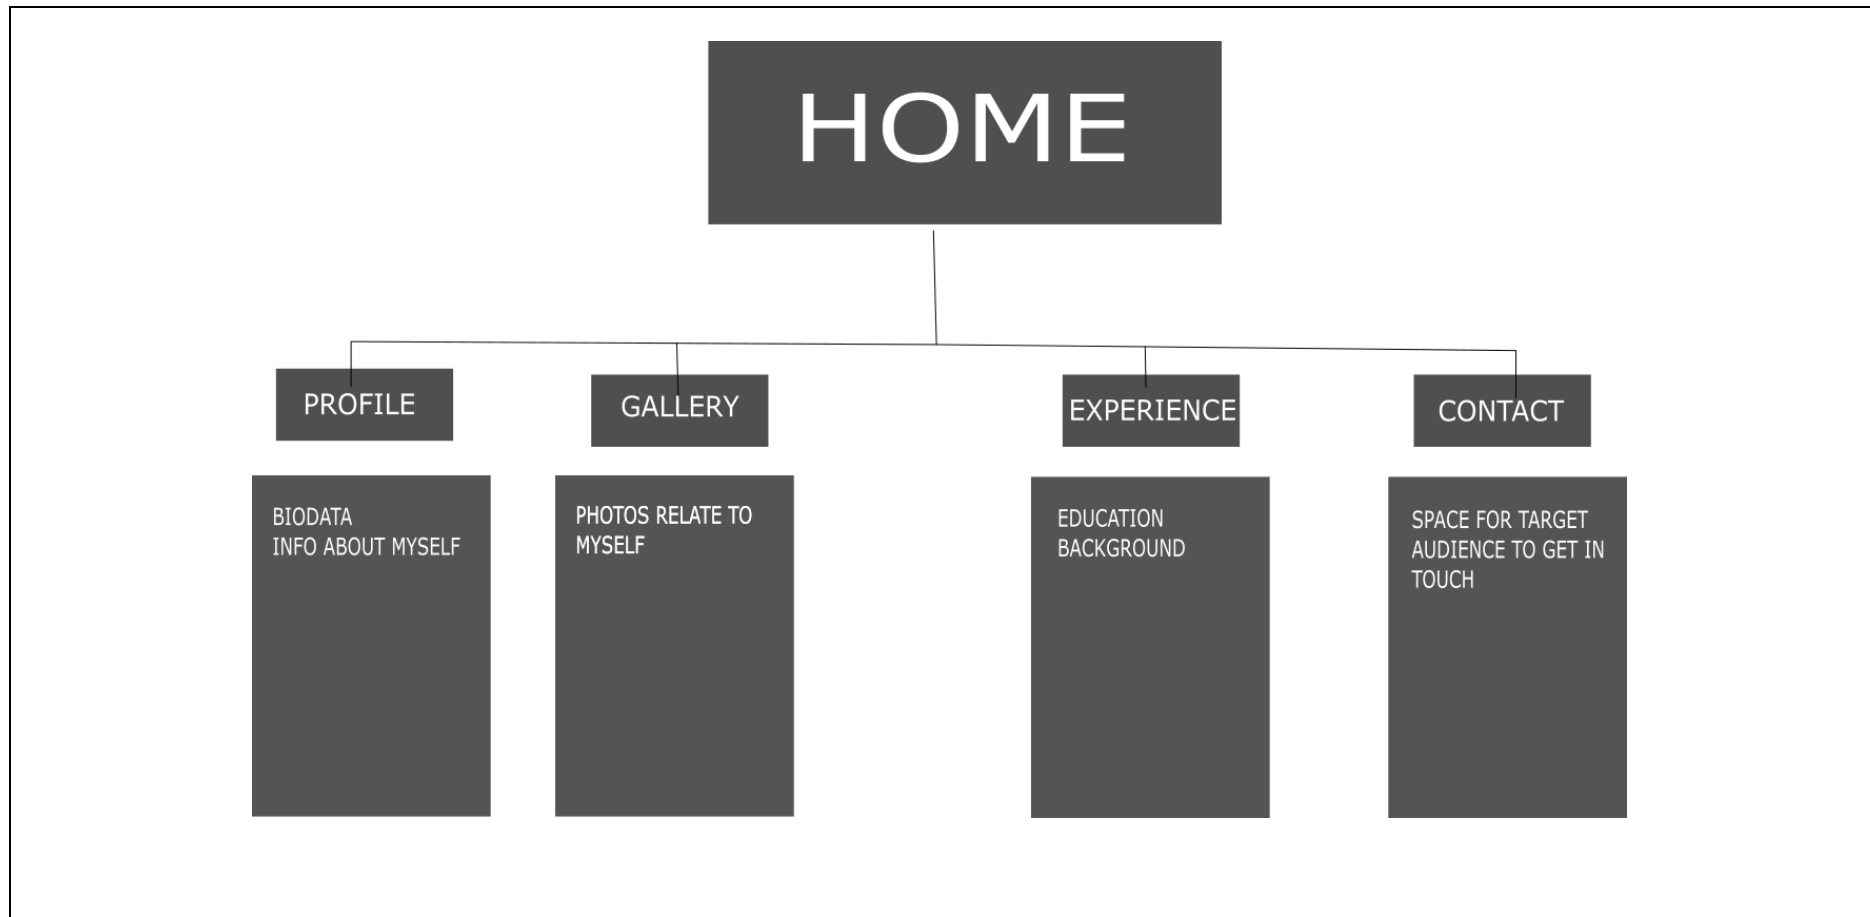

SIMPLIFICA

Typeface

**SIMPLIFICA FONT FOR TITLE**

**I choose blue, light grey and dark grey for my colour palette also rectangle and square shape.**

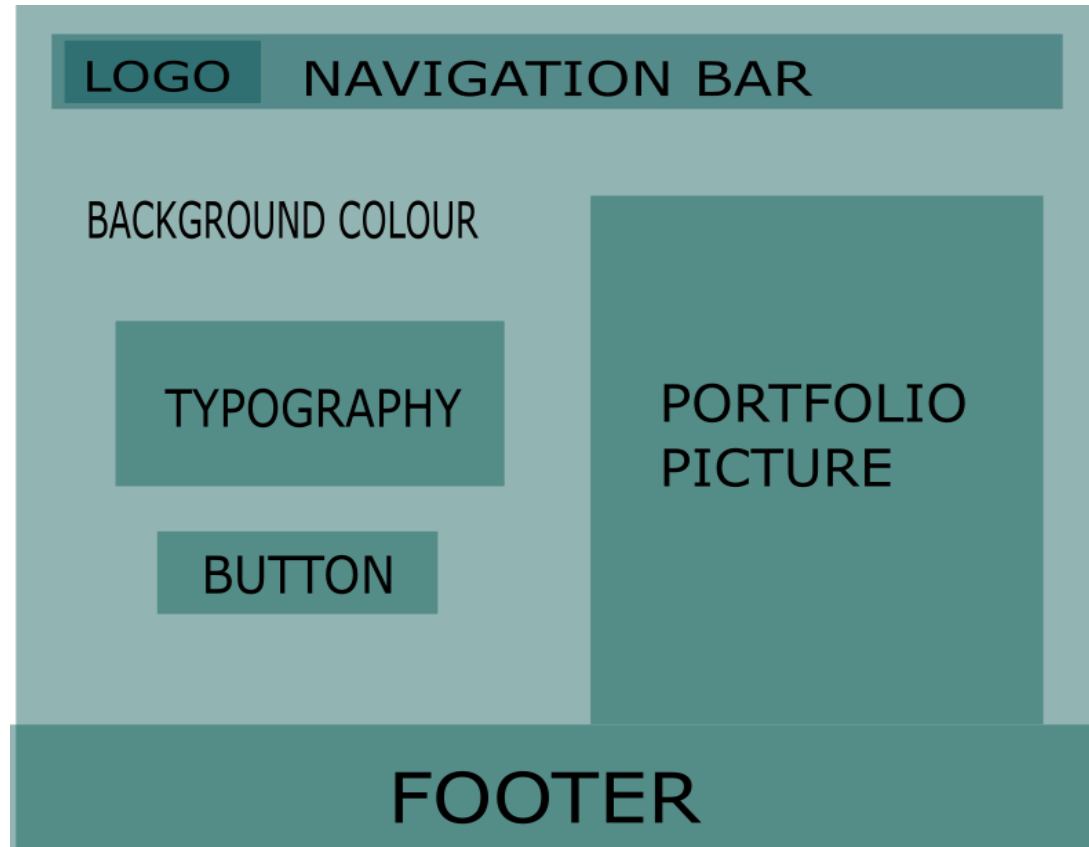

## FLOWCHARTS:

## WEB PAGE LAYOUT & STORYBOARD (A rough drawn mock-up of an idea)

Web page layout type:

index.html

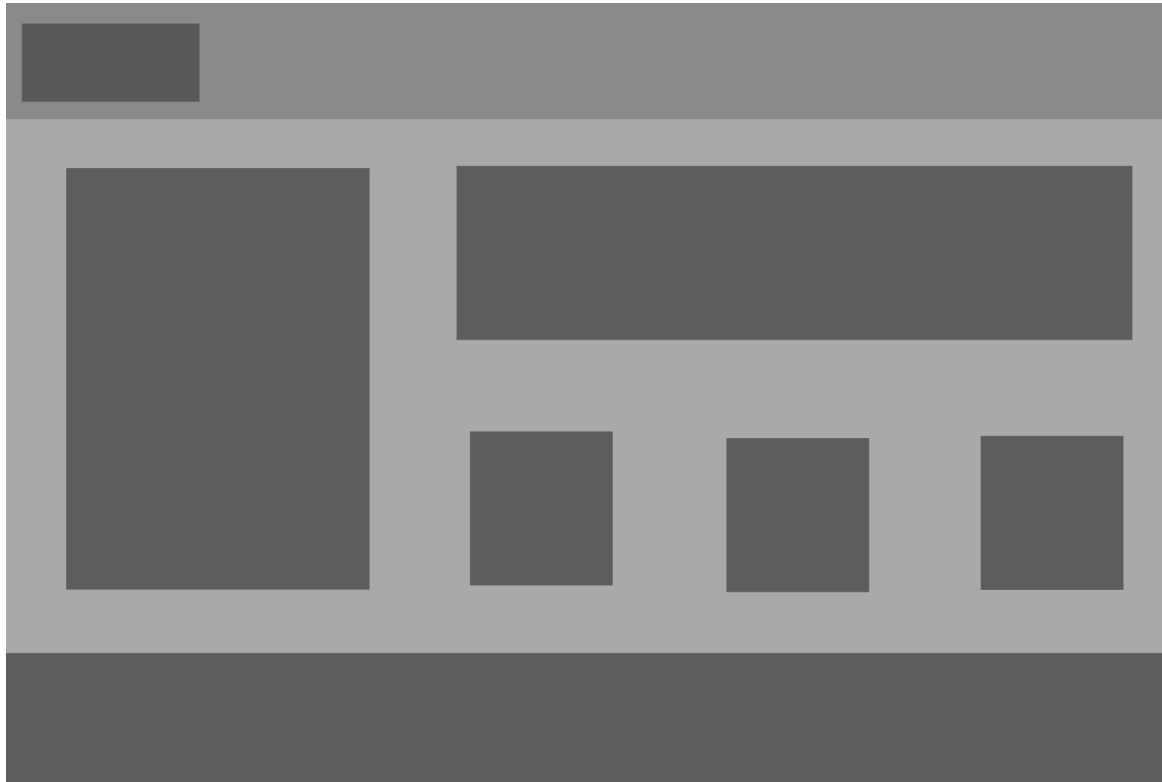

### Storyboard:

In this, page I will use as homepage.

Basically, I will put logo in the navigation bar. Then background colour I will choose the blue colour, then some typography like "AIDIEL AZRY ROSLI PORTFOLIO" after that, I will choose .png picture that do not have background which is will make my picture look better. Then button to the next page like "know me more" then footer that have my contact information like social media and email also copyright that claim the creation of the website from myself.

**personal.html**

**Storyboard:**

In this page I will talk about myself as you can see the navigation bar and footer still need to have. Then, profile picture of me which is .gif, the picture will moving 5 second and change includes my biodata. Which is my age and all of the information about me. Then, for the 3 square column, I will put logo of the software that I have expert.

## Gallery.html

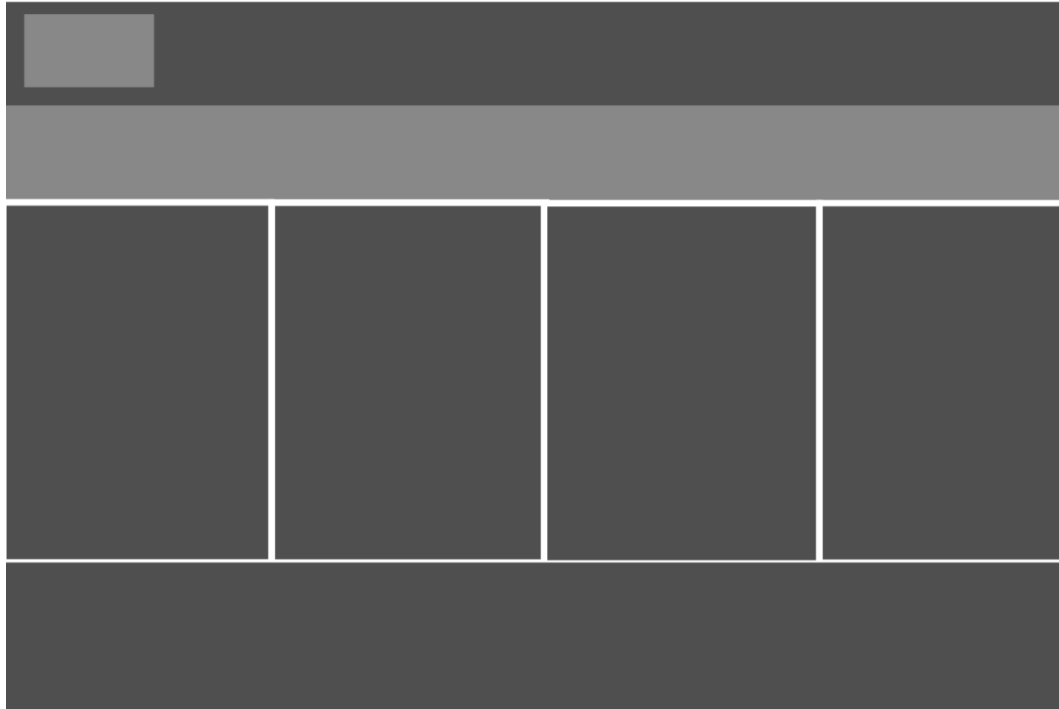

## Storyboard:

In this page, I will put all if the images that have related to the resume like photoshoot of myself that look professional pictures of me. also, navigation bar and footer still need to put. The colour still the same which is 3 colour blue, light grey and dark grey.

## Experiences.html

## Storyboard:

Then, I will put some column, which is 4 columns to put the information about my education background in studies. I will put my education background from primary school, secondary school, pre-diploma and diploma. Then, Navigation bar and footer I still put.

## Contact.html

## Storyboard:

Last but not least, this page I will put form for employer to ask or maybe need more information about me even interest to hire me. After that the contact information if any inquiries. I will put social media, number phone and E-mail
